

GASCOMP FUELTECH (INDIA) PVT. LTD.

Darshan Soni :

ONGC Fund has helped us to expand our presence across India for our CNG & Biogas/Bio-CNG Business. GASCOMP has supplied equipment in 8 States of India and providing our after-sales services across North, East, West and South of India.

Rushirajsinh Jadeja :

ONGC Fund has helped us gain the repute and validation from the market (i.e. from the customers, technology partners, etc). Due to this Honeywell has partnered with GASCOMP to localize their Biogas as well as Hydrogen Blending Technology for Natural Gas Grids.

Avirat Majmudar:

ONGC Fund has helped us to take challenges and develop products in CNG and Biogas/BioCNG business meeting the global requirements. We are now seeing opportunities beyond India and ONGC's Investment gives validation to our potential customers present globally.

Company Profile : GASCOMP is aimed to become an OEM in Clean and Alternative Gaseous fuels Equipment and Gas based Mobility sector.
