

WellRx Technologies Private Limited

We have grown almost 4x since ONGC's funding and have developed and successfully commercialized several Technologies with the investment provided by ONGC. Investment by India's own National Oil Company was a bi statement for all other E&P operators worldwide.

Rahul Gupta (CEO)

We were able add to our precision machining capabilities using ONGC's investment which helped us meet delivery timelines and business growth.

Sudhir Sharawat (Founder and Director)

We are able to enhance our R&D capabilities and file 3 more patents using ONGC's funding. 2 of the patented technologies have already been approved by ONGC after successful field trials.

Deepak Diwaker (Founder and Director)

ONGC's funding helped us in our working capital thus allowing us to further capture the market. Access to capital is a big challenge and that is where ONGC's funding was a blessing.

Shaily Nimodia (Founder and Director)
